

MeV

Modeling, Experimentation, & Validation

SUMMER SCHOOL

www.MeVSchool.net

The Modeling, Experimentation, and Validation (MeV) Summer School is an intensive two week on-site program for early career researchers and scientists. The school is to be held **July 21 - August 1, 2025**, and hosted by Oak Ridge National Laboratory (ORNL) located in Oak Ridge, TN, USA. It will focus on the topic of **Tackling Materials Challenges for the Next Generation of Nuclear.**

Nuclear Fundamentals

Experimental Design

Modeling and Simulation

Light Water Reactor Sustainability

Nuclear Fuel Cycle

Advanced Reactors

Radioisotope Production

Fusion Materials

SCHOOL OPPORTUNITIES

Networking with experts from academia, government agencies, laboratories, industry, and fellow students

Discussions with experts to foster discourse on exciting curriculum topics

Laboratory tours of world-class nuclear facilities

Exploration of computational tools for modeling and simulation in nuclear engineering

EVENT DETAILS

July 21 - August 1, 2025
